

# I'm a clean, green, earth-loving machine!

Re-think. Reduce. Re-use. Recycle.

Re-use a tin can  
to grow a plant!

Re-think how you use  
things and imagine new  
ways to help keep the  
world clean!

Recycle aluminum cans,  
plastic, and paper!

Reduce waste by  
using a durable  
bottle instead  
of a plastic  
bottle!
